

Sharing Christ through Cattle

*55th Annual*  
**PRODUCTION SALE**  
Bulls and Heifers

Thursday, March 2nd, 2023 -- 1 p.m. C.S.T  
Kimball Livestock Exchange, Kimball SD

# DEJONG RANCH

Cattlemen,

Our 55th annual bull sale marks another year of progress toward our goal of producing and marketing quality cattle that have been developed through multi-trait selection. Our bulls are designed to be ready to work in almost any conditions as they have continually performed in the challenging terrain of south central South Dakota. Hardiness and endurance have allowed us to produce bulls that are designed to work for many years.

In the 60 years of artificial insemination work coupled with 30 years of embryo transfer technology, DeJong Ranch has selected key breed traits to strive to produce and improve. We aim to provide quality stock that possess the ability to perform and make a profit. Livestock that convert to yield marketable pounds and be superior in terms of carcass merit has been a key goal. We hope you see our progress through our animals' EPD's and phenotype. We will share the results of scan data on our website leading up to the sale as well as have it available on March 2nd.

There has been much excitement on the ranch over this set of genetics. We are confident in the ability of these individuals to offer something for each producer. We hope that you will find the benefit of growth, carcass merit, maternal endurance, and calving vigor within these lots. DeJong Ranch stands behind the genetics and strives to develop bulls and females that will positively impact specific breed development and the cattle industry in general.

We are very thankful for the people we have been privileged to meet and work with in the past and look forward to meeting in the future. We are fortunate and indebted to previous generations and the grace of God to be involved in production agriculture and believe there is no better place to raise families.

*DeJong and VanZandbergen  
Families*

# SALE TERMS AND CONDITIONS

All bulls are free of known genetic defects by test or parentage.

We are retaining an in-herd semen interest in all bulls at sellers' expense and buyers' convenience.

Can't make it to the sale?

Watch the sale live at:

[www.dvauction.com](http://www.dvauction.com)

Real time bidding and proxy bidding available.

Questions? Contact Justin Dikoff (605) 290-0635

[jdikoff@dvauction.com](mailto:jdikoff@dvauction.com)

Visit [www.DVAuction.com](http://www.DVAuction.com) and Register.

1. Create an account at [www.DVAuction.com](http://www.DVAuction.com) under the "create new account" tab.
2. Apply for bidding by clicking "apply for bidding" in the upper left corner of your screen, at least 24 hours prior to the auction.
3. Tune into the sale and make your purchases.

## Ultrasound Data

The bulls will be ultrasounded and weighed in February by Kama Bruns and sent to the National CUP Lab. The results will be available on our website as we receive them. Bulls that are too young or too old from the 365 day target will lack adjusted data.

## Breeding Guarantee

All bulls are guaranteed breeders. The 18-month-old bulls are fertility tested. It will be the responsibility of the buyer to have the yearling bulls fertility tested before they are turned out with the cows or before 15 months of age. The seller reserves the privilege to prove a bull is a breeder. If the bull fails to prove a breeder, the seller will either replace the bull with another of equal quality or give credit to the buyer at the next sale less any salvage value of the bull. In the event that a bull becomes permanently injured or dies within the first breeding season, if notified promptly, the seller shall allow credit to the buyer or one half the purchase price toward another bull less any salvage value.

## Delivery

We are offering free delivery in South Dakota and Nebraska and will assist as we can to other states. It is the responsibility of the buyer to contact the seller to discuss delivery options. At the conclusion of the auction, all lots purchased in the auction become the legal property of their respective buyers. No animals will be delivered without payment or arrangements made in advance with the seller. Seller will keep the bulls at no charge for 10 days and \$2.00/head/day after that. The

DeJong Ranch is not liable for injuries occurring after the sale date. Arrangements for keeping the bulls longer may be made between buyer and seller and are the sole discretion of these two parties.

# SALE INFORMATION

Please feel free to call us anytime to visit about the bulls in the offering or to set up an appointment to view the bulls in person at the ranch. Below are industry personnel familiar with our offerings and ranch.

## Vet Services Information:

Animal Clinic Ltd. Winner, SD

Dr. Boaz Swift

Dr. Kat Jorgensen

Dr. Laura Rawlings

Dr. Tom Covey

Dr. Eric Heath

Thank you to the Winner Animal Clinic Ltd. for their continued support of our operation and the services all doctors and staff provide year round for our herd health.

Hotels near the ranch are located in  
Winner, South Dakota.

Holiday Inn Express and Suites  
1369 E. Hwy 44, Winner, SD 57580

Super 8 by Wyndham  
902 E. Hwy 44, Winner, SD 57580

Bulls and heifers are penned and ready to be seen from February 20th to February 28th at the ranch. Bulls and heifers will be transported to Kimball Livestock Exchange on Wednesday, March 1st and will be available for viewing.

Ranch address is 31842 DeJong Rd.  
Kennebec, SD 57544.

## Sale Day Information:

Hotels Near Kimball

West Wood Inn and Suites  
200 West Kiote Rd. Kimball, SD 57544

AmericInn by Wyndham in Chamberlain  
1981 E. King St. Chamberlain, SD 57325

## Steak Dinner

A steak dinner meal with homemade pie will preface the sale at the Kimball Livestock Auction. Meal will be ready by 11 a.m. and run until the beginning of the sale.

A huge thank you to Dakotaland Feeds for grilling the steaks!

We work closely with Dakotaland Feeds to develop the best rations for our herd year round.

# DEJONG RANCH STAR RANKING SYSTEM

When planning for our annual bull sale there are many conversations that surround which bulls meet the standard we want to offer to our customers. With a wide range of interests and customer needs we have developed a star system to aid you in selecting the best bull for your operation.

Bulls have been evaluated on the following characteristics:

1. Calving Ease
2. Pound Making Ability
3. Carcass Merit
4. Structure
5. Show Appeal
6. Female Making Ability
7. Cow Family

Each bull or heifer in our offering must hit the minimum requirements of our sale standard. Each animal that has met the sale standard has been evaluated in the seven categories on a five star scale.

- ★★★★★ Exceptional
- ★★★★ Very Good
- ★★★ Good
- ★★ Above standard, room for improvement.
- ★ Meets Sale Standard

We are often asked our opinion on individual bulls, and this is an attempt to answer those questions by evaluating multiple traits from a lifetime of raising profit driven cattle. Ranking each animal gives you our opinion of what works best in our conditions so you can select the best animal for your operation.

Check our website for additional videos and information.

## OPEN HEIFERS

### 60 Plus Open Heifers for Your Consideration

#### Heifer Lot Criteria

Genetics: The heifers being offered on the sale are genetically between 25%-100% Angus with the rest being Maine-Anjou. From the beginning of DeJong Ranch, the promotion of the multi-trait selection and power of hybrid vigor has been a key to making cows that have longevity and a production focus. We feel that having a strong Angus base on all of these heifers keeps the functionality in their production while adding a shot of Maine-Anjou genetics will improve their offspring's carcass and muscle production.

Condition: We have been developing all of these heifers on the same ration program as our registered heifers to promote healthy growth with the emphasis on complete nutrition and a high roughage diet. All of these heifers being offered are still in their lean growth phase to help ensure sound breeding and correctness of fat development. These heifers range in age and development from February 1st to April 30th of 2022.

Sale format: The heifers will be split into lots of five or ten head that match up in their genetics, age, and performance. Some of these heifers will be able to be registered and we will group those heifers within the same lots.

Open heifers from previous sales, representing the type of quality to expect.

#### 2023 Sale Format

Full details on how lots will be grouped, and data will be made available one week prior to the sale through a supplemental sheet. This will also be posted on DVAuction and be available at the sale facility.

If you want to register those heifers that have that option, there will be an additional \$25 per head charge for registration.

As the sale nears, videos and photos of heifers will be made available.

This information will be posted on our website: [www.dejongranch.com](http://www.dejongranch.com), as well as on our Facebook Page: DeJong Ranch

### MAINE-ANJOU WILL...

- Increase REA
- Correct Yield Grade Discounts
- Improve Dressing Percentage

Carcass data reported averages from the entire group of cattle on feed from all three sources combined at Chappell Feeders in Chappell, Nebraska.

HCW	844 LBS.
CALC. YG	2.45
PYG	3.18
BF	0.47
REA	15.1
KPH	2.0
% CHOICE	58%
% SELECT	42%
% STANDARD	0%
% YG 4	<1%
% YG 5	<1%

The cattle feeding industry has seen a strong influx in Quality Grade genetics and while chasing these premiums Yield Grades have suffered.

Finding a balance and avoiding discounts is key. Maine-Anjou can make a difference with carcass driven Yield Grade genetics.

# MAINE-ANJOU HITTING THE TARGET

## COMMERCIAL FOCUS

### BALANCED BENEFITS

Commercial confidence comes from breeder focus on economically relevant traits and what matters most, the bottom line. Its dedication to Yield driven cattle that do not see discounts and work in a variety of climates and situations across the United States.

### MAINE-ANJOU KILL DATA

YG	Prime	Choice	Select	Other
1	0	0	2.5	0
2	0	42	10	0
3	0	25	20	0
4	0	.5	0	0
5	0	0	0	0

\*3% of the cattle killed saw a discount

### 2016 USDA QUALITY GRADE

USDA YG	Prime	Choice	Select	Other
1	0.07	4.06	4.79	.55
2	0.94	23.61	10.9	1.05
3	1.78	29.94	6.2	1.49
4	0.97	9.31	1.4	0.4
5	0.22	1.86	0.33	0.12

\*22.5% of the cattle killed in the US saw a discount.

This data shows the Maine-Anjou feed out benefits, when cattle that are fed out and harvested in an appropriate days on feed. 19.5% less discounts seen against the beef industry standard sampled by the 2016 USDA Quality Audit.

\*Data and Information was collected from the Maine-Anjou Association website.

Seek the Lord and his strength; seek his presence continually! -- 1 Chron. 16:11
